I don’t usually like to eat dead animals ...
I like the living chicken I guess, running around ...
or the wild and free animal.

**I've had a lot of really bad jobs, when I was younger.
Recently I've been very fortunate to have wonderful jobs.
Sometimes the worst jobs are the ones I was luckiest to have... I really
needed them at the time. Had to pay the rent. I've been real broke before,
but I'm not anymore.**

If you were stuck on an island for a year and only had three albums, what would they be?

**I was just talking about this the other day!
The only albums I could think of are: *On the Beach* (or *Citizen Kane Jr. Blues* by Neil Young, and *The Fragile* (or *Fragile Deviations*) by Nine Inch Nails, and something by CocoRosie; *The Adventures of Ghosthorse & Stillborn* or *Noah's Ark***

If you could remake any movie and star in it what would it be?

***Dead Man* - William Blake (or Nobody)
Total Recall - Douglas Quaid / Carl Hauser**

Finish the sentence

I always wake up:

***carpe diem*
you know, let's do this then,
let's do the damn thing
let's rock & roll!**

If I could work with anybody dead or alive I would want to work with:

**Chogyam Trungpa Rinpoche?
Closer to art; Nancy Spero ... Arthur Jafa, or Mark Leckey.**

If I could see anybody perform dead or alive I would want to see:
Joseph Beuys? Jimi Hendrix?

confidence
wisdom
the ability to amaze me
someone I can believe in
...

If I wasn't a boss I'd be a _____ ,
I prefer to be a comrade.
/ Teacher

My favorite position is:
generally: more over it
sexually: whatever they like

My name is Noah Travis Phillips and I am:
... **and I'm an artist.**
... **and I'm just another sentient being trying to make it in the Universe.**

P.S.

If you could smoke with anybody dead or alive who would you want to smoke with?:
Willie Nelson?
Jim Morrison?
My mom?
